

As a citizen and a listener of low-power FM and community radio, I am extremely concerned about the proposal for DIGITAL AUDIO BROADCAST on existing bands. I am OPPOSED to DIGITAL AUDIO BROADCAST in all its forms. This use of technology will drown out small broadcasters, which is against the first amendment of the constitution. Corporations are not citizens, and should not be treated as such. Freedom of speech was meant for citizens, not for corporations. These corporations should have their charters REVOKED for violating the constitution by taking over all our PUBLIC airwaves. Michael Powell should be REMOVED as head of the FCC for his corrupt practice of accepting corporate bribes in the form of gifts and contributions. The FCC should serve the PEOPLE, NOT the CORPORATIONS. You got that???
